WHAT CAN I EXPECT DURING MY APPOINTMENT?

With Paws Into Grace, your appointment is scheduled for 1 hour.

The process itself generally takes about 45 minutes and is done very peacefully.

At the end of your appointment, should you elect cremation services, our cremation partner may arrive, depending on the size of your pet, to transport your pet. If you *did not* elect cremation services, your pet will stay with you after your appointment.

Your pet will be ready to return home within 7-10 business days after your appointment if you elected Private Cremation.
